

I've got this

Your pharmacy plan

A simple plan to pay for your prescriptions

aetna[®]

Your medicine made easy

Your pharmacy plan comes with lots of extras to support your good health.

You get:

- Coverage for most medicine
- Home delivery convenience
- A choice of pharmacies, including retail chains
- Personal support for specialty medicine needs

And with your online plan tools, you can find what you need fast. Prices, forms, pharmacies and more.

How does my plan work?

It's pretty straightforward. You're covered for all types of medicine — some more expensive, and some less.

So to keep it simple, every medicine we cover falls under a certain level or tier. The lower the tier, the lower your price. The higher the tier, the higher the price.

To get the best cost: Just let your doctor know what medicine your plan covers, including those on the lower tiers.

What do I pay?

It goes one of two ways. You either pay a flat fee or a percent of the medicine price. The exact cost depends on its tier.

Here's where to find exact costs

Before you enroll:

In your plan materials, you can see what you'll pay for your medicine. If you have a deductible, you can see that, too. Don't see it? Just ask your employer.

After you enroll:

Log in to your member website at [aetna.com](https://www.aetna.com) to estimate costs. You can also compare what you'd pay through your local pharmacy versus home delivery.

Health benefits and health insurance plans are offered, underwritten and/or administered by Aetna Health Inc., Aetna Health of California Inc., Aetna Health Insurance Company of New York, Aetna Health Insurance Company, Aetna HealthAssurance Pennsylvania Inc. and/or Aetna Life Insurance Company (Aetna). In Florida, by Aetna Health Inc. and/or Aetna Life Insurance Company. In Utah and Wyoming, by Aetna Health of Utah Inc. and Aetna Life Insurance Company. In Maryland, by Aetna Health Inc., 151 Farmington Avenue, Hartford, CT 06156. Each insurer has sole financial responsibility for its own products.

Is my medicine covered?

Your plan covers most medicine. So yours may be covered, too.

Here's how to check

Before you enroll:

Visit [aetna.com/formulary](https://www.aetna.com/formulary). Then choose your plan (the name of your plan is in your plan materials). From there, you can find covered medicine, along with alternatives that cost less.

After you enroll:

Just log in to your member website at [aetna.com](https://www.aetna.com) to estimate costs.

Your safety comes first

Your plan comes with cost and safety checks on the medicine your doctor prescribes. That could mean you need special approval before certain medicine is covered. Or we might ask your doctor to prescribe something else. You or your doctor can always ask for an exception.

How do I get my medicine?

You have choices. So whether you take medicine sometimes, or all the time, you're covered.

Occasional prescriptions

For medicine you won't take too long, like antibiotics, visit your **local retail pharmacy**. For your best price, find a network pharmacy on [aetna.com](https://www.aetna.com).

Ongoing prescriptions

For medicine you need for a while, like blood pressure pills, use our **home delivery pharmacy**. Your medicine is mailed quickly and safely to you — and you may get up to 90 days' worth.

Or ...

For some long-term health conditions — such as multiple sclerosis, rheumatoid arthritis or cancer — you may need special medicine. That's when you'd use our **specialty pharmacy**.^{*} Your medicine is packed securely, so it arrives safe. And we can help you use it or manage side effects.

Need a little help? Just call us at the number on your Aetna ID card.

^{*}Specialty medications through Aetna Specialty Pharmacy[®] medicine and support services and the specialty pharmacy network may not be available to California health maintenance organization (HMO) members. Talk to your doctor about the appropriate way to get the specialty medications you need. Doctors may have agreed to dispense and administer these drugs to you themselves. Or they may write a prescription, so you can fill them at any participating retail or mail-order pharmacy.
